

The diagram illustrates a conveyor system layout. It consists of three segments: a horizontal segment at the top labeled 'コンベア 3 段目', a horizontal segment at the bottom labeled 'コンベア 1 段目', and a vertical segment on the right labeled 'コンベア 2 段目'. There are four sensors: a yellow circle labeled '光電センサ' (Photoelectric sensor) at the left end of the bottom segment, a red circle labeled '金属センサ' (Metal sensor) at the right end of the bottom segment, a yellow circle at the top-left corner of the top segment, and another yellow circle at the top-right corner of the top segment.
